

Brooklyn Center High School
Centaur Council

Candidate Name: Elias Josue Caceres
Grade: 8th

Extracurricular activities, interests, skills:

I am in no extracurricular activities. My interests are computer programming, computer hardware. My skills are being able to respect others, think through about problems & being able to build computers.

What makes you a great leader and representative for your grade level?

I like to help people. Most people I know think of me as a smart student. Whenever someone is in trouble I will help them go get help from me. They are comfortable with my opinions as well.

Why do you want to be a grade level President or a member of the grade level Cabinet?

The reason I want to be President or member is because, I myself and other students see problems at B.C. I want to tell them about it. I'd like to help these students by making it possible to stop the problems they have with B.C.
