

Brooklyn Center High School  
Centaur Council

Candidate Name: Hodan Jibrell  
Grade: 11th

Extracurricular activities, interests, skills:

\*Orchestra club, Theatre, Tennis, Painting, Collages, National Honor Society, teens in Action.

What makes you a great leader and representative for your grade level?

\* I am a very good listener, I feel like I can connect to a lot of people in our grade and share it to everyone.

I also believe that no matter if your idea seems impossible, listening and seeing people different point of view creates you to be a great leader.

Why do you want to be a grade level President or a member of the grade level Cabinet?

I want to be either grade level President or a member of the grade level Cabinet because I feel I that I can communicate to many kids around my age very well.

I also believe that I have some great ideas that can help this school become a very creative and cool place to learn. The main point is that it's all about what the students think and feel and I believe that I am well-balanced to handle the situations and ideas that get thrown at me. I am a great leader and I feel that it doesn't matter about popularity or the groups

you're in. It's about being united and creating something new together. That's why I wanna be President or Cabinet.
