

Grade 9+H

Extracurricular activities, interests, skills:
I play the Violin in the Brooklyn Center High School Orchestra; I also play the Piano and Clarinet for B.C. band. I have a four year acting experience, and I am interested in Physics and Theater.
What makes you a great leader and representative for your grade level?
I am a good listener and I am a good communicator.

What makes you a great leader and representative for your grade level?

What makes you a great leader and representative for your grade level?
To me a leader is a person that does not follow the crowd and show dignity and respect. I think that I fit all the qualifications to be a great leader. I have been to multiple leadership camps in different states. I am a great representative for the 4th grade because as a straight student, I respect all people regardless of age and I've been B.C. Student of the month two times.

I want to be the 4th grade student president because I believe that through this all student voices can be heard, I trust the fact that we can change the school's reputation through me being president. I want a difference in our school from academics to sports and I am tired of people regretting to go to this school. I think that by this opportunity I can change our school today and the world tomorrow, step by step. I want to be the president of the 4th grade to represent the voices of my peers.
