What makes you a great leader and representative for your grade level?

I know how to voice my opinion and grade level's opinion. I'm a good student and set a good example for others to follow. I'm consistent in my grades and in extracurricular activities.

Why do you want to be a grade level President or a member of the grade level Cabinet?

I want to be more involved in my school and have a say in decisions within the school. Also, I want to be in a leadership position and gain a good experience for my future.
