good at school work
Helping Friends
making Ideas

What makes you a great leader and representative for your grade level?

I will help others. I love to make Ideas to help everyone,
and I listen to people's Ideas and opinions.

Why do you want to be a grade level President or a member of the grade level Cabinet?

I believe that it would give me a chance to give my voice and Ideas to this
school and make me have a better way of understanding others in the school.
It would let me really know how the school is and how I could
help make it easier.
