What makes you a great leader and representative for your grade level? I have noticed many things in the junior and senior high. I have noticed bullying, the fact that no one is treated fair. The students don't get heard. The school doesn't change much for students' voices.

Why do you want to be a grade level President or a member of the grade level Cabinet? Because from the students' stand point I can see and understand the views of adults and students. I want my voice to be heard I want to be a part of the next generation, and get a better school. I want to be a leader for the change I make to, the change we make.

of B.C.H.S is bad and not much is being done to change it. I want to talk about the things I see as a student I want to help the students who don't get heard.
